

# CAPITOL COMMISSION

---

**TITLE:** Wolf and Lamb **TOPIC:** KINGDOM **DATE:** Tuesday, April 22, 2025

**VERSE:** Isaiah 11:6; 65:25, “The wolf will live with the lamb... they will feed together...” **THOUGHT:** Not the lion and the lamb as presumed but *the wolf and the lamb*. It is a common misconception. The angry wolf preyed upon the gentle lambs since the Fall of humankind. But one day soon... much sooner than we think Jesus will appear in the clouds and the dead in Christ will rise first and then we who are living will join them in the Greatest Reunion of all time. Then those who were saved during that terrible period of Tribulation—whereby many will die as martyrs—will dwell on planet Earth as we were meant to live “in the Beginning.” Then the wolf and the lamb and *the lion and the lamb* and all the animals will live in peace together... feasting not on each other, *but straw!* (We have no idea will they live forever? Or will they experience “reincarnation?” *I imagine our four Golden Retrievers reincarnated—Gilly, Graeter, Kobe and Gus—one for each member of my family!*)

**PRAYER:** I look forward to Your return. I hope we all do. When will this great time of peace come? It can’t come soon enough! I want to be among the warriors that ride on white horses. (Mine might be black... *because I’m such a sinner!*)
